About Access2Go

Access2Go, Inc. is a leading national provider of Data, Voice and Internet to small, medium and large business. By offering unparalleled support and product selection we have grown into the Premier Switchless Carrier in the marketplace.

Access2Go, Inc. has relationships with (IXC's), Local Exchange Companies (LEC's) Competitive Local Exchange Companies (CLEC's) and Competitive Access Providers (CAP's). We have developed a comprehensive method that allows us to map out the solutions and paths that are best for a given customer regardless of whether they are on one carrier or across networks.

Offerings

Whether you need point to point, multipoint connectivity or connectivity to the Internet, come to Access2Go. We have Ethernet products that deliver the benefits of Ethernet Networking – scalable, low cost, low equipment costs and simplicity. With a variety of solutions we can connect your metro, regional or national locations with our Ethernet hand off products.

Access2Go's can interconnect your LAN's using established, inexpensive interfaces ranging from DS-1 to GigE and can provision speeds from DS-1 to 1 Gbps in flexible 1 Mbps increments. We have Layer 1 Products for short metro distances or Layer 2 products to connect locations across the state or country.

Access2Go's optical networking is the perfect solution to meet the real-time, high-performance demands of your bandwidth-intensive applications.
